

Inspire and Engage Education Consulting

Capability Statement

WHO WE ARE

Inspire and Engage Education Consulting provides customized job-embedded coaching and professional development that builds and enhances capacity for teachers and instructional coaches. Founded by Alisa Braddy and Denise White, authors of Ready-to-Go Instructional Strategies That Build Collaboration, Communication, and Critical Thinking.

CORE SERVICES

- Customized classroom coaching: 1:1 observation of teachers, with specific feedback and suggestions
- Half-day workshops: classroom management, leadership teams, differentiated instruction, environment design, social emotional learning, boys and learning, curriculum mapping, and more
- Mini-workshops (two per half day): alternatives to worksheets, collaboration, technology integration, student goal setting, movement, instructional rigor, relevance, and more
- Coaching reports for districts: sessions, hours, goals and progress, and strategies used, never information about individual students

WHAT MAKES US DIFFERENT

Our consultants bring decades of real-world classroom and consulting expertise and work in schools from coast to coast. We don't push one-size-fits-all programs; we customize professional development to each school's needs, with practical solutions teachers can implement immediately.

FOUNDERS

- Alisa Braddy: 38 years in education; internationally recognized consultant and keynote speaker; consultant to school districts in the U.S., Canada, and Asia
- Denise White: 37 years in education, including 21 years teaching at the elementary and secondary levels and work as a district instructional coach
